

Advanced Motor Control Solutions:

Uisce Technology provide Instrumentation, Control & Automation solutions to a broad range of industries, and are a leader in Motor Control Solutions to Irish Industry.

Our enviable engineering track record, has resulted in distribution partnerships with some of the worlds leading major Motor Control Manufacturers, including Mitsubishi & Siemens.

- Variable Speed Drives
- Softstarters
- Intelligent Motor Starters
- Compact Switching Devices for Motor Control

Our Product Advantages:

- Simple, Fast & Easy Installation
- Exceptionally User Friendly
- High Grade Components for Long Service Life
- Maintenance Free Operation
- Compact Dimensions for Space Saving Installation
- Very Expandable with Extensive Communication Options

Instrumentation, Control & Automation for Industry
