

# Compact & Intelligent VSD Solutions:

Uisce Technology provides Instrumentation, Control & Automation solutions to a broad range of industries, and are a leader in Variable Speed Drive Solutions to Irish Industry.

Our enviable engineering track record, has resulted in a distribution partnership with Mitsubishi, who are one of the worlds leading Motor Control Manufacturers.

- **FR-D700 Micro Drive**  
(IP20 / 0.1-2.2kW 1P & 0.4 – 7.5kW 3P)
- **FR-E700 Compact Drive**  
(IP20 / 0.4 – 15kW 3P)
- **FR-F700 Power Saving Drive**  
(IP20 / 0.75 – 630kW 3P)
- **FR-F746 HVAC Dust & Splash Proof Drive**  
(IP54 / 0.75 – 55kW 3P)
- **FR-A700 High Precision Drive**  
(IP20 / 0.75 – 630kW 3P)

## Our Product Advantages:

- Simple, Fast & Easy Installation
- Exceptionally User Friendly
- High Grade Components for Long Service Life
- Long Service Life & Maintenance Free Operation
- Compact Dimensions for Space Saving Installation
- Very Expandable with Network Communication Options
- Integrated PLC
- Ultra precise Speed & Torque Control for High precision Applications

## Instrumentation, Control & Automation for Industry
