

Water & Waste Water Metering Solutions:

Uisce Technology are a leader in Instrumentation Solutions to Irish Industry and have a proven track record in helping Commercial & Industrial Companies identify and implement appropriate Water Metering & Quality Management measures.

Local authorities throughout Ireland are required to implement the metering of all non domestic water/wastewater customers from 1 January 2007 in accordance with the Irish Government's National Water Pricing Framework. Non-domestic supplies would include supplies for Trades, Industry and Commercial Businesses, including Agriculture, Hotels, B&Bs, Educational or Sports Facilities as well as Hospitals or Community Services.

SIEMENS

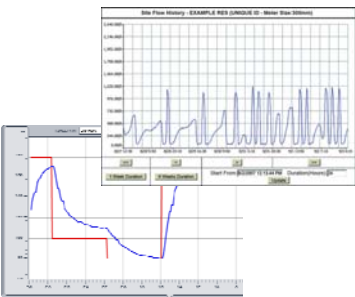

Our Solutions & Services:

- Pre-Installation Site Surveys
